Welcome to Iowa Methodist and Blank Children's Hospital

Our goal is to make your visit as easy and convenient as possible. If you need directions or other information, please ask any employee or volunteer. Employees can be identified by their photo ID badge, and volunteers wearing blue jackets are stationed throughout the hospital to help you.

Finding your way

To help you find your way, we have listed key departments within the hospital. The department list (to the right and continued inside) is arranged alphabetically and tells you the building/wing and the floor where that service is located.

To further help you, we have assigned colors to different areas of our campus. The areas and their colors are:

-  **Blank Children's Hospital**
-  **CCU/ICU and Cath Lab
(Northeast Addition)**
-  **Emergency Department**
-  **Medical Plazas I, II and III
(1212, 1215 and 1221 Pleasant Street)**
-  **North Wing**
-  **South and East Wings**
-  **Powell and Maternity Center**
-  **Yunker**

Please refer to the map inside and the color-coded directories on the walls throughout our campus to find the area you are looking for.

North Wing, Level C

Y**Yunker Rehab – Inpatient**

Yunker, 4th Floor

Tips to help you find your way

- Keep in mind that our campus is built on a hill. The **5th** floor of Younker and Powell line up with the **1st** floor of the main hospital. Look for the **crossovers** to travel to and from each side of the campus.

- Look for wall directories throughout our campus (next to elevators and at hallway intersections). Major areas of the hospital are listed and color-coded. As you get closer to a given area, the directories will become more detailed listing the departments located in that area.
- Most elevators are labeled with overhead signs and are named according to the areas they serve.

Also...

Remember that **most** patients coming in for outpatient tests need to register at Patient Registration on North 1, near the main entrance (entrance #2). For surgical patients, cath lab patients and patients having cardiovascular and neurological testing, please register in the Surgery Center on East A (Entrance #7).
